

SIZES: 16" - 16.5" - 17" - 17.5" - 18"

COLORS: Dark Havana - Black

Jumping saddle covered with soft full grain calfskin and flaps 2 cm. shorter at their bottom. The special leather's tanning guarantee the best grip and stability to rider's legs. On request the rear piping and the stirrup leathers loop can be customized with colors shown in the chart below.

TREE

The wood spring tree developed by Pariani absorbs and spreads on all its surface any pressure made on the seat and, flexing as on longitudinal as on latitudinal direction, follows perfectly each single movement of horse's back in order to preserve its muscles from any pain or pressures on single points.

SEAT

Available with 2 different depth: Medium Deep (standard) and Flat (on request and with additional cost*).

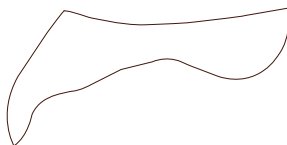

FLAPS

Knee pads are padded with thermosensitive Memory Foam to allow best grip and comfort to rider's legs. The reinforcement strip at flap's bottom preserve the early leather's damage due to stirrup leather and rider's leg rubbing.

PANELS

Panels are pre-moulded and made with expanded polyurethane.

Panels' shape allows support under the knee and a smaller surface under the thigh in order to allow a closer contact. On request and with additional cost panels can be raised cm. 1 as in front as on rear.

KNEE BLOCKS

On default blocks are the Medium one.

On request and with additional cost is possible to choose the Big or the Plus one.
